

Hello Bruce,

Thank you for referring me to Joe Buscemi of Basement Waterproofing Technologies. Mr. Buscemi came out to visit my client, Frank Collins, today to inspect a suspected water issue in Mr. Collins garage and basement. Mr. Buscemi was very professional and thorough in his inspection and took his time explaining his findings to Mr. Collins. He concluded that at this time, there was no need for his services and recommended to Mr. Collins that he simply fix the seal on the bottom of his garage door in order to keep water from seeping in. Mr. Collins and I both really appreciated Mr. Buscemi's professionalism and integrity and would highly recommend him should either of us – or anyone we know – have need of his services in the future.

Thank you Bruce!
